Maharaja Agrasen Ji didn't just build a kingdom he created a culture where everyone grows together.

Maharaja Agrasen Ji, the visionary king of Agroha, laid the foundation of a society rooted in fairness, compassion, and collective growth. Under his leadership, Agroha emerged as a thriving center of trade and prosperity — where success was shared, and no individual was left behind.

His revolutionary principle of “Ek Rupya, Ek Eet” ensured that every new member of the community was supported with resources and opportunities, creating a self-sustaining and inclusive economic system.

Agroha was not just a city — it was a model of ethical business, strong relationships, and mutual trust. The values established centuries ago continue to inspire generations of Agrawal entrepreneurs across the world.

Today, the spirit of Agroha lives on as a powerful symbol of unity, where growth is collective, connections are meaningful, and success is built together.

Agroha is not just our past — it is the foundation of our future.

President

Wealth is not about having
a lot of money, it's about
having a lot of options.

As President of Agroha Jaipur, I have witnessed the extraordinary strength that emerges when a community comes together with shared intent and purpose. Agroha is not merely an organization, it is a vibrant platform where leadership is cultivated, innovation is encouraged, and meaningful opportunities are created for all.

True leadership lies in service, empowering others, fostering collaboration, and inspiring growth. Within our community, every individual contributes to a larger vision. Through business networking, idea exchange, and mutual support, we are not just building enterprises, but shaping a culture of trust and collective success.

Our journey is deeply aligned with the wisdom of the Bhagavad Gita, which teaches us:

कर्मण्येवाधिकारस्ते मा फलेषु कदाचन ।
मा कर्मफलहेतुर्भूर्मा ते सङ्गोऽस्त्वकर्मणि ॥

(Chapter 2, Verse 47)

This reminds us to focus on our actions with sincerity, without attachment to results. It is this spirit that drives Agroha, where we work with dedication, support each other selflessly, and grow together.

Agroha stands as a symbol of bonding, growth and purpose. Together, let us continue to innovate, lead with integrity, and evolve into better versions of ourselves both in business and in life.

Impact Story

The session by Dr. Shankar Goenka was a powerful blend of introspection, practical wisdom, and real-life application centered around the theme of “Reframing Relationships.” It went beyond theory, guiding participants to look within themselves to improve how they connect with others.

He emphasized that while knowledge is easily accessible today, true growth comes from self-awareness and inner reflection. His impactful line captured the essence of the session:

“Everything else you can find on Google... but to find yourself, you need introspection.”

The interactive format, especially the Q&A and live problem-solving, created a safe and engaging environment where participants openly shared challenges and received actionable guidance.

Key Takeaways

1. Perspective is Power

Most conflicts arise not from situations but from limited perspectives. Understanding others’ viewpoints can transform relationships.

2. Introspection Over Reaction

Instead of reacting instantly, taking time to reflect helps in responding with maturity and clarity.

3. Communication with Awareness

Clear, honest, and empathetic communication is the foundation of strong relationships.

4. Letting Go of Assumptions

Misunderstandings often stem from assumptions. Clarifying rather than concluding builds trust.

5. Safe Spaces Build Growth

Open discussions, like the Q&A session, allow people to learn not just from experts but from each other’s experiences.

6. Practical Solutions Matter

The session stood out because it focused on real-life application, not just concepts—giving participants tools they can implement immediately.

The session was not just about improving relationships with others, but about reconnecting with oneself first because stronger inner clarity naturally leads to better outer connections.

A powerful example of how community platforms foster meaningful business growth is the collaboration between **Agr. Arun Agarwal** and **Agr. CA Nitesh Agarwal**.

Both currently serving as President and Secretary of Agroha Jaipur, their journey from association to collaboration reflects the true spirit of networking and trust-building.

- Community platforms like Agroha are catalysts for real opportunities

The journey of **Agr. Arun Agarwal** and **Agr. CA Nitesh Agarwal** is not just a business success story, but a testament to the power of trust, collaboration, and shared vision. Wherever the art of medicine
is loved, there is also a love
of humanity.

It gives me great pride to be part of a community like Agroha Udaipur. A strong business network is not just about connections—it is about growing together, learning from each other, and creating opportunities that benefit everyone.

When like-minded people come together with trust and a shared vision, real progress happens. In such a space, ideas are exchanged freely, guidance is always available, and challenges become easier to handle because we face them together. This is the true strength of a community.

Agroha is more than a platform for business—it is a family that supports, inspires, and uplifts each member. Whether someone is just starting out or already well established, there is always something to gain and something to give.

I feel honored to serve as the President of this chapter and to witness the energy, commitment, and positivity within our members. This quarterly magazine is another step towards strengthening our bond—by sharing knowledge, experiences, and success stories that can inspire many more.

Let us continue to support each other, build meaningful relationships, and take this community to greater heights. Together, we can create not just growth for ourselves, but lasting value for society as well.

जय अग्रोहा,

अग्रवाल समाज के विभिन्न शहरों में कार्यरत व्यवसायी परिवारों को एक सूत्र में पिरोने का जो संकल्प श्री करन जी ने लिया है, वह अत्यंत सराहनीय और दूरदर्शी पहल है।

निश्चित रूप से आने वाले समय में इसका व्यापक और सकारात्मक प्रभाव देखने को मिलेगा। हम सभी एक-दूसरे से जुड़ना तो चाहते थे, लेकिन एक सशक्त मंच का अभाव था। अब अग्रोहा के रूप में हमें ऐसा मंच प्राप्त हुआ है, जहाँ देशभर के अग्रबंधु व्यवसायी आपस में सहजता से जुड़ सकते हैं, सहयोग कर सकते हैं और साथ मिलकर आगे बढ़ सकते हैं।

अग्रोहा की सदस्यता ग्रहण कर हम स्वयं को गौरवान्वित महसूस कर रहे हैं। यह मंच न केवल हमारे व्यवसाय को नई ऊँचाइयों तक पहुँचाने में सहायक सिद्ध होगा, बल्कि जीवन की विभिन्न चुनौतियों का सामूहिक समाधान खोजने में भी मार्गदर्शक बनेगा।

इस श्रेष्ठ पहल में मेरा तन, मन और धन से सदैव पूर्ण सहयोग रहेगा। मुझे पूर्ण विश्वास है कि यह मंच भविष्य में हमारे समाज को वैश्विक स्तर पर एकजुट कर नई दिशा और नई ऊँचाइयों की ओर अग्रसर करेगा।

It's more than a network; it's a movement that fosters collective prosperity, ethical business practices, and a strong sense of belonging.

Agroha represents not just a community, but a legacy of unity, enterprise, and shared values. It is inspiring to see how the principles of mutual support and ethical business, rooted in our heritage, continue to guide us even today. Agroha stands as a symbol of collective growth, where success is not individual but shared among all. Being associated with such a vision fills me with pride and responsibility. I truly believe that by carrying forward these traditions with modern thinking, we can build a stronger, more compassionate, and progressive society for future generations.

AGROHA UDAIPUR

Being an active board member of AGROHA has been a valuable experience for me. It has helped me build strong business connections and develop trust within the community. The opportunity at Samriddhi 2026 Conclave to connect with fellow Agarwal business owners from multiple cities, along with the valuable learning sessions, was truly next level.

Through this platform, I have discovered new opportunities, learned from others, and grown both personally and professionally. AGROHA is not just about networking; it is about supporting each other and growing together.

The purpose of AGROHA is to bring Agarwal businessmen together so we can help each other succeed. Together, we are stronger and can achieve much more as one united community.

AGROHA AHMEDABAD

Agroha is a thoughtfully designed digital business networking platform created exclusively for the Agrawal community. While many global platforms exist, none focus specifically on Agrawal entrepreneurs. This platform fulfills a long-standing need by connecting Agrawal business owners across regions, enabling them to explore opportunities, exchange business recommendations, and grow together.

Beyond networking, Agroha offers training, development programs, and even matrimonial connections, making it a holistic ecosystem. Business and trust naturally run in the Agrawal DNA, and this platform strengthens that foundation by fostering collaboration, support, and reliability. Joining Agroha means becoming part of a trusted community with shared values, where growth is collective and opportunities are limitless.

As a corporate trainer, I see AGROHA's potential to be a powerhouse of entrepreneurial energy.

With Agarwals driving business growth for generations, this network will tap into that collective genius.

Members will learn from each other's experiences, leverage community-driven opportunities, and amplify their growth through collaboration.

It's about time we had a platform where 'business in the blood' meets strategic growth.

Looking forward to seeing and making AGROHA become a global benchmark!

The Golden Memories

AGROHA JAIPUR

Being a part of AGROHA feels like being connected to your own people.

It's a platform like a family where everyone supports and stands for each other in terms of relationship, business growth, connects etc. The warmth, trust, and sense of belonging here is something truly special.

What I like most is that AGROHA gives us a chance to grow, not just in work but as individuals. At the same time, it keeps us rooted to our values and culture.

I feel everyone should join AGROHA to experience this bond, build meaningful relationships, and grow together in a positive and supportive environment.

Agroha is truly the need of the hour—a powerful vision driving a meaningful revolution for growth and unity. Being a member, and part of the working committee, it is an honor to contribute to the community's business development.

Agroha builds a strong network by creating opportunities, collaborations, and lifelong connections.

I'm proud to be part of this journey and look forward to an even bigger and more successful future ahead.

ABOUT UPCOMING BOOK

Agrawal Titans

AGROHA Business World is coming up with a landmark publication — AGROHA TITANS.

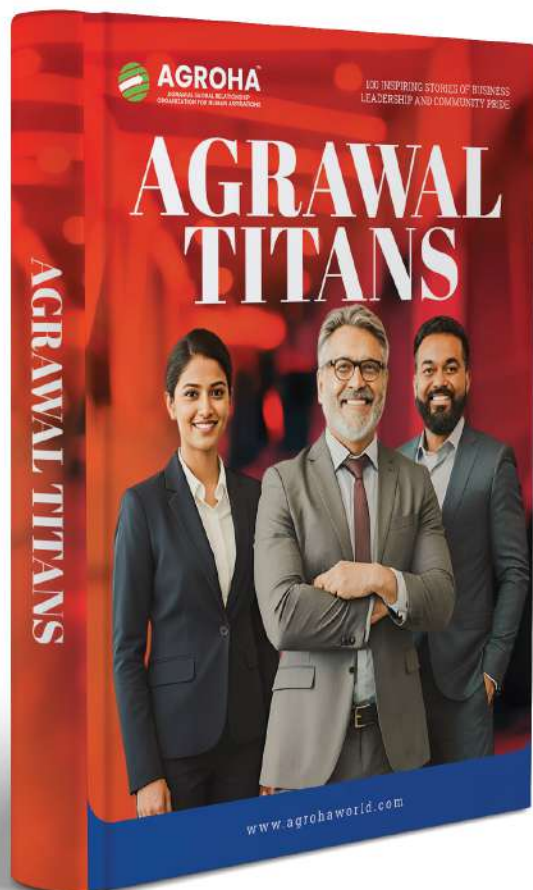

This prestigious book will feature 100 eminent business personalities from the Agrawal Community — visionary leaders who have built powerful brands and created a significant impact across diverse industries and sectors.

Through AGROHA TITANS, we aim to bring forward the inspiring journeys of these living legends—their struggles, their growth stories, and the values that shaped their success. Their experiences will serve as a guiding light for both aspiring entrepreneurs and established business owners within our community.

This initiative is our effort to celebrate excellence, document legacy, and inspire generations of Agrawal entrepreneurs.

While this first volume will showcase 100 remarkable personalities, we strongly believe that this number only scratches the surface. The Agrawal community is filled with countless inspiring stories, and with the success of this edition, we look forward to bringing many more such volumes in the future.

AGROHA TITANS is not just a book — it is the beginning of a legacy.
