From The Founder & Chairperson

Dear Agrohans,

It gives me immense happiness to see the wonderful response and appreciation that AGROHA WORLD Magazine has received through its first two volumes. The love and encouragement, especially for the hardcopy editions received by our members, has been truly heartwarming.

Your response has encouraged us to make this a regular quarterly activity. Going forward, every quarter, a hardcopy of AGROHA WORLD will be shared with our respective AGROHA members—so that our journey, achievements, stories and learning remain something you can proudly hold, read and share.

I am equally delighted to witness the remarkable growth of AGROHA Jaipur and AGROHA Udaipur. Their progress is not only visible in business networking and official meetings, but also in the way they are creating meaningful, engaging and innovative events and activities for fellow Agrohans and their families. This is exactly the vibrant community spirit we envision for AGROHA.

In this edition, we are also presenting the Vision, Mission & Goals of AGROHA in the upcoming pages. Our direction is now clearer than ever:

MISSION - 100 CITIES | 100 CHAPTERS

We are building more than a business networking platform. We are building a global community of relationships, opportunities, learning, collaboration and collective growth. We look forward to the launch of upcoming chapters of AGROHA Lucknow, AGROHA Mumbai, AGROHA Ahmedabad, AGROHA Hyderabad, AGROHA Varanasi and many more.

Thank you for believing in AGROHA, contributing to its journey, and making this movement stronger with every passing month.

Let us grow together. Let us connect deeper. Let us create a bigger impact.

Jai Agrasen! Jai AGROHA!

From The Co-founder & Technology Head

Dear Agrohans,

It gives me immense pride to see how **AGROHA VIBESNET** (The Tech Platform of AGROHA) is becoming an integral part of the AGROHA ecosystem. I am particularly happy to see that the technology platform is now being actively and professionally used by our launched chapters as well as our upcoming chapters.

A heartfelt thank you to all our Agrohans for using the AGROHA VIBESNET mobile app regularly and systematically. Every activity recorded, every connection created, gratitude added and every engagement captured through the platform is helping us build a more transparent, accountable and data-driven organization—while enabling AGROHA to grow faster and smarter.

I would also like to express my sincere gratitude to all the advertisers, writers and content contributors who have supported and enriched **AGROHA WORLD**. Your contribution is what makes this magazine a true reflection of our growing community.

I am equally excited about the overwhelming response to our upcoming book, **"AGROHA TITANS"**. We are receiving inspiring stories of remarkable Agrawal business leaders who have created a strong name in their respective industries and are making an impact not only across India but around the world.

I invite every Agrohan reading this message: If you know an exceptional Agrawal business owner with an inspiring success story who deserves to be featured in AGROHA TITANS, please nominate them and connect with me directly.

Together, let us document our stories, celebrate our achievers and inspire the next generation of Agrawal entrepreneurs.

AGROHA JAIPUR

GOLD CHAPTER
75+ Members

Agr. Arun Agarwal
President

> Leadership is not about being the best. It is about making everyone around you better.

परस्परं भावयन्तः श्रेयः परमवाप्स्यथ॥ 3.11॥
By uplifting one another, we attain the highest good.
(Shrimad Bhagavad Gita, 3.11)

Some journeys begin with a plan. Ours began with a feeling- the feeling that our own community deserved a home where everyone belongs. On 15 Jan '26, we started AGROHA Jaipur with just a dream and 51+ members. Today, as I write this, we are 75+ strong, and my heart is filled with gratitude, pride, and above all, a deep sense of belonging.

When I look back at this journey as President, one word comes to mind: **learning**. Every meeting, every conversation, and every challenge taught me something new. I came to give, but I received far more. I found new friends, built business associations, discovered investment avenues, and found something money can never buy-a group from our own community that is always ready to listen and always ready to help.

That is the real wealth of AGROHA. In a world where everyone is busy running, here is a family that stops, listens, and says, "Don't worry, we are with you."

And what a family it has been! Our events were never just for members. We brought our families along, and they gave us their love, their energy, and their smiles. Their enthusiasm has been truly commendable. Every time they participated, they encouraged us to dream bigger and do better. **This is their success as much as ours.**

Now, the moment we've all been waiting for.

SAMRIDDHI 2027, 17th January 2027, Our biggest event yet, marking the 1st Anniversary of AGROHA Jaipur! It will be a celebration of friendship, family, business, and the pride of being Agrohans—and it can only be a success with you.

So, my dear fellow Agrohans from every city, come with your family, your friends, and your full josh! Let us make this day unforgettable together.

Jaipur AGROHA family is waiting with open arms and an open heart.

Come. Celebrate. Be Samriddh. Together.

> Leadership is not about being in charge; it is about taking care of those in your charge.

Dear AGROHA Family,

I am grateful to the Leadership Team of AGROHA Udaipur for placing their faith and confidence in me to carry forward the legacy of our chapter. I sincerely thank our Immediate Past President, Dr. Prashant Agarwal, for leading AGROHA Udaipur with dedication and excellence.

I look forward to creating an environment of business, collaboration, and mutual growth among our members. My vision is to make our meetings and events more engaging, impactful, and memorable, while working towards increasing membership and generating business opportunities for every member.

Two areas will receive special focus: greater involvement of our Coordinators in the chapter's overall working and growth, and stronger cross-chapter collaborations with AGROHANS from existing and upcoming chapters.

I wish every member great success and prosperity. Thank you once again to the AGROHA platform for believing in me.

AGROHA™
AGRAWAL GLOBAL RELATIONSHIP ORGANIZATION FOR HUMAN ASPIRATIONS

MASTER YOUR TIME. MULTIPLY YOUR IMPACT.

Time management is priority management.
Delegation is the art of building people, leaders and scale.

TIME IS YOUR MOST LIMITED BUSINESS ASSET

Leaders cannot create more hours; they create more value by choosing what deserves their attention. Time once spent, cannot be recovered. Use it wisely on what truly matters - people, strategy, relationships and opportunities that create long-term impact.

FROM BUSY TO EFFECTIVE

Move from reacting to being intentional. A simple approach can transform the way you work and lead.

- Plan what needs to be done
- Prioritize what matters most
- Focus on high-value activities
- Execute with discipline
- Review progress regularly
- Grow and keep improving

DELEGATION IS NOT GIVING AWAY WORK

Delegation is transferring ownership with clarity, authority, resources and accountability. It is not about doing less, it is about achieving more through others.

> When you delegate well, you create time for higher thinking, bigger opportunities and greater impact.

THE PRACTICAL FRAMEWORK

PLAN — Define goals and outcomes
PRIORITIZE — Focus on what matters
DELEGATE — Assign with clarity and authority
EMPOWER — Provide resources and trust
REVIEW — Track progress and give feedback
GROW — Build people, systems and bigger results

THE AGROHA WAY

For Chapters & Leadership Teams

Effective chapter leadership is not about doing everything yourself. It is about creating a system where the right people own the right responsibilities.

- Define clear roles and responsibilities
- Appoint owners for each area
- Create simple processes and systems
- Empower team members
- Review outcomes regularly
- Avoid becoming the bottleneck

DELEGATE TO DEVELOP LEADERS

When leaders trust others with meaningful responsibility, more leaders emerge. Delegation builds skills, confidence and ownership in people. It creates a culture of growth, prepares future leaders and makes the organization stronger and more resilient.

> You don't just get things done. You build people who can take AGROHA to greater heights.

LEADERSHIP CHECKLIST

before you take on more, ask yourself

- **What only I can do?** (Strategy, key decisions, important relationships)
- **What someone else can own?** (Delegate with clarity and authority)
- **What can be systemized?** (Processes, templates, technology)
- **What must be reviewed?** (Track progress, ensure accountability)

A great leader does not do everything.
A great leader builds a system where the right people can do the right things at the right time.

These principles apply equally to AGROHA chapters and to your own business. Manage your time well, delegate effectively and multiply your impact - for a stronger AGROHA and a brighter tomorrow.
